

Norfolk Mini Maker Faire®

October 20th, 2012 9AM - 5PM
Norfolk Scope Expo Hall

A family-friendly event bringing together those interested in building things and making things. Robotics, rockets, crafts, electronics, music, art and much more! The Norfolk Mini Maker Faire is sure to offer something for everyone! From alternative energy vehicle projects to lasers, blacksmiths to knitting, home made music generating circuits to multi-axis robots the Norfolk Mini Maker Faire is a one of a kind community event!

Attendance and exhibiting is free, but registration is requested. Please register online at www.makerfairenorfolk.com and qualify to win some great prizes from the Makershed!

Educators - This is a community based, hands-on science, technology, engineering & mathematics (STEM) event you won't want to miss!

October 19th, 7pm at Nauticus is the 3rd Ignite HRVA!

Entrepreneurs, technologists, philosophers, poets and industry experts come together to share their passions with a like minded audience. Each speaker has 5 minutes, and slides auto advance every 15 seconds. Think TED or SXSW. Do you have something to share? Proposals are being accepted now.

Visit <http://ignite-hrva.org> for more information and ticket prices.
